EIGHT KNOWN DEAD, SCORE OF OTHERS UNACCOUNTED FOR

Fire Fighters are Thrown Into Flames When
Wall Collapses—Several Children Missing
from Spectators—Water Tower Goes
Down As Building Falls—Many May Die

CHICAGO, April 18.—Seven firemen and an unidentified civilian are known to have been killed and a score of other firemen are and spectators were buried beneath the falling walls of a burning four story box factory on the west side tonight. Many of those buried in the debris are believed to have perished.

A dozen firemen stood on the fire escape between the second and third floors when the roof of the stone building crashed in carrying two floors beneath it under its weight. The wall against which the firemen were grouped buckled and collapsed and the firemen were thrown into the flaming debris.

A water tower which had been placed in front of the building was wrecked when the building collapsed and a dozen more firemen and spectators who had crowded thru police lines were showered with the brick and stone. Some of these were believed to have been fatally injured.

DENBY DEFENDS HIS ACTION IN OIL LAND LEASE

Claims Action Was
Necessary to Pre-
serve Resources

ADRIAN, Mich., April 18. AP.—Full responsibility for the initiation of the policy which resulted in the leasing of the naval oil reserves was assumed here tonight by Edwin Denby, former secretary of the navy.

"Had I not taken the action I did to protect the interests of the navy in these reserves against the tremendous loss of drainage," he declared in an address, "I would have been false to my trust and culpably negligent in the performance of my duty."

Replying to what he said had been an insinuation of collusion on his part in connection with the oil leases, Mr. Denby said he had never been talked to about the naval petroleum reserve situation before he entered the cabinet by the president-elect or by any of his cabinet or other advisers.

"My appointment was somewhat unexpected," he said, "and was not announced until about February 25. Therefore, there was no collusion as to any acts to be performed by me, although even that insinuation has been made."

"Shortly after taking office, it was represented to me that drainage of the reserves was proceeding rapidly and offset wells were necessary. Believing that the department of the interior was best qualified to handle for the navy its enormously valuable reserves I turned to the interior department for advice on the subject. I then asked the secretary of the interior if he could not take over the administrative control of the naval petroleum reserves. Secretary Fall did not ask me. I asked him. I wanted him to stop the squandering of an invaluable resource, together

AMERICANS FEEL JUBILANT ABOUT GERMAN AFFAIRS

Believe Only Obstacle
to Reparations is
Election

PARIS, April 18.—(A.P.)—A feeling of great satisfaction was voiced today by American members of the committee of experts which recently reported on the financial and economic situation in Germany over the fact that the reparation commission had decided to proceed with the work preliminary to making effective the conclusions of the experts.

The only obstacle, it was said, was the approaching German elections and a possible return of members of the reichstag who are opposed to the provisions of the experts' reports. The experts who investigated Germany's situation in Berlin are convinced that the present reich government is most willing to put the entire report into operation and force the present reichstag to ratify it, but they appear doubtful if the new reichstag is formed as the present prospects indicate, it will be equally as docile as they believe the recently dissolved body would have been.

The American experts have come to the conclusion that there will be no trouble in floating in the United States the proposed \$100,000,000 loan, a loan of \$75,000,000 on the London market, with continental Europe absorbing another \$25,000,000 "provided," as one of the Americans put it today, "they don't get the loan flotations mixed up with politics."

The Americans assume that Great Britain will not make any commitments to France regarding possible action in case Germany is shown to be in "wilful default," but they express confidence that if such default occurs it will be so obvious that the whole world will be ranged on the side of the long-suffering allied creditors.

The experts do not expect much real French resistance to the plan for the "transfer committee" to handle reparation payments from Germany, transferring the German currency into foreign currency.

Much curiosity is being expressed concerning who will be the reparation commission's choice for chairman of the transfer committee or the world's biggest financial boss, as some of the observers assert he will be.

Suggestions that either Brigadier General Dawes, Owen D. Young or Henry M. Robinson, the American experts, should be appointed because of his familiarity with the plans of the experts has been laughingly, but firmly turned down by their spokesman.

The Americans are not looking for any more trouble in connection with putting the experts' report into practical execution.

PAUL REVERE'S RIDE TO BE REENACTED

BOSTON, April 18.—Two lights burned in the belfry of Boston's Old North church tonight on the eve of the 149th anniversary of the battles of Lexington and Concord. Early tomorrow the roads which a century and a half ago echoed with the hoof beats of horses ridden by Paul Revere and William Dawes, will re-echo as two horsemen, starting from Boston, will pass over the historic routes followed by the Revolutionary heroes in awakening the countryside.

In sharp contrast to the old time touch of the re-enacted ride will be the roar of the motors of the airplanes which will follow the two riders. The riders will signalize in each community the opening of patriots day exercises.

INDIANA ROOTER DIES
AT PEORIA BALL GAME

Peoria, Ill., April 18.—Bradley Polytechnic Institute baseball team of Peoria was trailing Wabash College of Crawfordsville, Ind., this afternoon 3 to 1 when rain halted the contest.

In the first inning a Wabash outfielder reached over the fence surrounding the field and caught a sure home run. A roofer for the Indiana team became so excited that he died soon after the play had been executed.

Democrats May Agree To Drop Cash Payment

WASHINGTON, April 18. AP.—The soldier bonus bill was taken under consideration by the senate tonight with the prediction by Senator Curtis, Republican, Kansas, its sponsor, that only a "few days" would be necessary for its passage.

Senator Harrison, Democrat, Mississippi asked Senator Curtis to seek the views of President Coolidge or the bill as passed by the house and ordered reported by the senate finance committee with the 20 year endowment policy provision.

"If these reports are true," Senator Harrison said, "that are coming to us thru American Legion officers, that President Coolidge will sign the pending bill but would veto a measure with a full cash payment option we Democrats will gladly expedite passage of this measure."

Senator Curtis in reply to questions of Senators Robinson of Arkansas, the Democratic leader and Harrison, declared he had not sought and did not know the attitude of the president on the pending measure. Democratic support for full cash payment option provision had been split earlier in the day by announcement of some that in view of intimations by American Legion officers that the proposal would injure chances of the bill for enactment they would support the bill in its present form.

A conference of Democratic leaders was held later in the day at which no definite conclusion was reached. Some of those present later indicated however, that there would be no party stand on the provision for full cash payments, although they believed a great many of the Democrats would support the move unless definite assurance was given that President Coolidge would accept the insurance bill.

In this connection it was recalled that the president in his message to congress made the first statement that he did not favor a soldier bonus bill.

Agreement was reached, however, between Senator Curtis and Chairman Warren of the appropriations committee that if the measure was not disposed of within a few days it would be temporarily laid aside for consideration of some of the appropriation bills.

D. A. R. VISITS TOMB OF WASHINGTON AND PAY HOMAGE TO DEAD

Steady Downfall of Rain
Prevents Many Tak-
ing Trip

WASHINGTON, April 18.—Accompanied by representatives of America's revolutionary war ally and enemy, Daughters of the American Revolution journeyed to Mount Vernon today and paid homage to George Washington and his wife.

A steady downfall of rain failed to prevent many of the daughters from participating in the annual pilgrimage in which France's ambassador, Jules J. Jessorand, and Britain's ambassador, Sir Esme Howard, joined.

A memorial service to departed leaders of the society constituted the making session of the fifth day of the 33rd continental congress.

The services were interrupted by Chairman Johnson of the house immigration committee to discuss the immigration bill.

There was much applause when Representative Johnson described the bill as America's second declaration of independence. The society as stated by the president-general always has stood for restrictive immigration. Some action on resolutions endorsing the immigration bill with its Japanese exclusion is expected by the society tomorrow.

AIR CRUISERS AGAIN POSTPONE FLIGHT ON ACCOUNT OF WEATHER

Snow Squalls Hold Three
Back—Fourth Still
Disabled

PEARL CREEK, DOMB, Kan., April 18. AP.—Snow squalls held Chignik, Alaska and Dutch Harbor, Unalaska Island, prevented three United States army air cruisers continuing on their world flight today to Dutch Harbor. Major Frederick L. Martin, commander of the expedition announced late today after receiving a wireless message from Lieutenant Erik H. Nelson at Chignik.

Seward, Alaska, April 18.—Although three of the four United States army cruisers were expected to hop off from Chignik, Alaska, today for a 400 mile flight to Dutch Harbor (Unalaska) on the next leg of an attempt to encircle the globe, it was believed here that reported snow squalls prevented the fliers from leaving. The fourth world cruiser was still at Kana-taka, Alaska.

Owing to poor wireless communication to the southwestern points of Alaska during daylight hours it was impossible to obtain any definite information concerning the fliers.

The United States guard cutter Algonquin is steaming at full speed for Kana-taka with an extra motor for the Flag Plane Seattle, piloted by Major Frederick L. Martin, commander of the globe expedition who was forced down at that point Tuesday enroute to Chignik from Seward.

SENATE MEASURE ON IMMIGRATION PASSES HANDILY

Gets Much Larger
Vote Than Was Given
Bill in House

WASHINGTON, April 18. AP.—The immigration bill of 1924 carrying substantially the same provisions relating to Asiatic exclusion and other important changes in basic policy recently approved by the house, was passed tonight by the senate by a vote of 62 to 6. On the final roll call the senate registered its decision by a larger majority even in the house, where the vote on passage was 322 to 71. The six senators opposing the bill in its amended form on the last roll call were Chairman Colt, Rhode Island and Weller, Maryland, Republicans and Bayard, Delaware, Gerry, Rhode Island, King, Utah, and Walsh, Massachusetts, Democrats.

Slight differences in phraseology exist between the house and senate drafts in many sections of the bill. The "Japanese exclusion" provision and while no evidence has been shown on either side of the capitol of a disposition to recede in the slightest degree, parliamentary observers called attention to the possibilities offered for modifications in conference.

White house spokesmen declared President Coolidge had no comment to offer upon the senate action, or upon the situation developed from the failure of congress to accept the state department suggestion against bringing the Japanese into the definitely excluded classes.

The senate bill was described by its author, Senator Reed, Republican, Pennsylvania, as "even more restrictive than that passed by the house." Both measures adopt two percent of the census of 1890 as the basis for fixing quotas but the house bill permits certain non-quota classifications which are not included in the senate bill.

A maximum admittance of 150,000 a year is fixed by the senate bill against an estimated "quota total" of 162,000 in the Johnson bill exclusive of exemptions.

Senator Reed estimated the house actually would provide for the legal admission of "twice the total of 324,000."

These new estimates compared with the existing law, show a reduction of 220,000 under the senate bill and of about 208,000 under the house measure.

The Simmons amendment adopted by the senate late today which authorizes immigration authorities to give preference to farm labor when any state certifies a shortage exists in that territory.

Senator Reed, opposing the proposal declared past records failed to show that agriculturists admitted as such went in any considerable number to farming sections and contended the admittance of a farm expert would have no more effect upon the supply of labor for that industry than would the entrance of one member of any other class.

PROTEST AGAINST CHANGE IN RATES

SAYS "SEE TREASURER
OF MY HOUSEHOLD"

PARIS, April 18.—"See the treasurer of my household," replied Prince Helle de Sagan, Duke of Talleyrand Perigord, husband of the former Anna Gould of New York when asked today concerning the proposed sale of the domains of the principality of Sagan which had been advertised in the European papers the past few days.

The principality is situated in Brandenburg and Silesia, Germany about 100 miles southeast of Berlin with 65,000 population. The one time Anna Gould, daughter of the late J. P. Morgan, one of America's most famous railroad men years ago, a few hours previously said to the correspondent, "this is a matter which concerns my husband and with which I have nothing to do."

The resources of the three classes he added would aggregate \$5,000,000,000.

SANTA FE WANTS TO INCREASE CAPITAL

Topeka, Kansas, April 18.—The Atchison, Topeka & Santa Fe railway company will make application to the state charter board tomorrow for permission to increase its capital stock \$100,000,000 or to a total of \$481,486,000, according to an announcement made here tonight by S. T. Bledso, general counsel.

HARMONY PREVAILS IN BOTH MEETINGS AT STATE CAPITAL

Democrats and Republicans Hold Convention
in Springfield—All Factions Seem to be
United—Representative Scholes Delivers
G. O. P. Keynote—Coolidge is Praised

SPRINGFIELD, Ill., April 18.—(A.P.)—Political forces consolidated their legions in Illinois today preparatory for the great November offensive.

Democrats and Republicans in biennial state conventions, applied the healing balm to the wounds of the primary struggles, marked the new lines of battle in rousing platforms, and focused their energies upon the contest for victory in November.

In the Democratic gathering, the leadership of George E. Brennan, Cook county chieftain and father of the January advisory convention, whose candidates swept the field in last week's primary, was reaffirmed by the success of the organization program.

Across the street the Small-Thompson-Lundin combination jumped into the saddle at the outset, organized the party and proclaimed the great day of triumph.

Illinois has sent a message through the land from her great primary. Representative Robert Scholes of Peoria shouted in enunciating the G. O. P. keynote. "That message is that character assassination is forever repudiated as a means of political gain."

Enthusiastic endorsement of the national administration and an unqualified pledge of support to President Coolidge was given after an insurgent movement in the Chicago delegation failed to develop support for a program withholding formal mention of the presidency.

There was no opposition to the endorsement resolution on the floor and the pledge of support was given by acclamation.

Harmony was the order of the day in both camps, with all enthusiasm centered about harsh words flung across the street by the rival gatherings.

Founding their platform on promises of "honesty in office" the Democrats selected three candidates for the board of trustees of the University of Illinois, endorsed the entire state primary ticket and squared themselves for November without mentioning the national contest.

The atmosphere of harmony was heightened by the unqualified endorsement which Judge Charles B. Thomas of East St. Louis, defeated candidate for the gubernatorial nomination gave to Judge Normal L. Jones, the successful primary entry. "There is no question at issue in Illinois at this time which should divide good citizens in a state election," Thomas said. "The paramount question is whether the people want good government, sincerely enough to vote for it. We offer them the opportunity and candidates worthy of it."

Declaring that the overshadowing issue in this campaign is the conflict between "human greed and human rights" the Republican platform first congratulated the national administration on the "termination of the world war."

Then it felicitated the country on having "escaped a tangled web of international entanglements and puppets of Europe," endorsed Governor Small and the entire primary ticket and called for vigorous action on a national scale to prevent the reduction of farmers to "the status of mere surfs."

"Governor Small has taken a firm stand in protecting property rights but never at the expense of human rights," the platform said. "It was the Kanakake platform of last August verbatim with a few hundred words of introduction framed by the resolutions committee headed by M. B. Chipperfield of Canton, long time ally of the governor. It is also urged a more equitable distribution of the federal tax burden, and enactment of a national home building loan law to operate in the manner of the federal land banks system."

THE DAY IN WASHINGTON

The senate passed the immigration bill 62 to 6.

Early hearings on the world court proposal were ordered by the senate foreign relations committee.

The senate patents committee continued its hearing on the question of copyright fees in radio broadcasting.

G. B. Moore, traffic manager of the shipping board in Europe testified before the house shipping board investigating committee.

Chairman Winslow denied and Democratic members of the committee reaffirmed that the house commerce committee was holding back the Barkley bill to abolish the railroad labor board.

Democratic leaders considered the advisability of withholding efforts to amend the soldier bonus bill on reports that President Coolidge might approve the measure as it is.

The senate committee examined William Cooper Proctor and others in its quest for information regarding reports of oil influence at the 1920 Republican national convention.

H. L. Schaife told the Daugherty investigating committee he had heard that some seized liquor which disappeared from storage here went to the office of Speaker Gillett. The latter denied it.

STUDYING

TRAFFIC ACCIDENTS

Yale university and the city of Connecticut, working together under the patronage of the Ford Foundation of New York, have called a conference in session in New Haven to consider the appalling increase in accidents during the past few years.

This conference is one of the few conferences called to deal with this problem from a scientific angle. The men considering the problem are not laymen but are college professors, each a specialist in his line. As a result of their conference a valuable contribution should be made to the cause of accident prevention.

Two outstanding speakers at this gathering have offered a more thorough examination of prospective drivers as the most efficient means of coping with the increasing traffic accident toll. Drivers found mentally unfit to handle automobiles by reason of disease, chronic nervousness, addiction to alcohol or drugs would be barred from recovering licenses under that plan offered by these men, and there is weight to their argument.

A NATIONAL RECREATION POLICY

The appointment by President Coolidge of Secretary Weeks, Work, Wallace, Hoover and Assistant Secretary Roosevelt, to a committee to coordinate recreational activities throughout the country is a healthy sign and their work should be productive of much good.

As the president says in his proclamation announcing the appointment of the secretary, a very important part of our national life. It has proved its absolute necessity if the nation is to make the progress which it should make. And because of its national scope it is wise that its general direction should come from the national capital of the United States.

There should, however, be no attempt to standardize recreation. Too much efficiency will kill the spirit of sport. Wise and judicious handling, however, will result in everybody having the recreation which he needs.

WHAT LOVE IS LIKE

Love is like a lamb, and love is like a lion;
Fly from love, he fights; fight, then does he fly on;
Love is all on fire, and yet is ever freezing;
Love is much in winning, yet is more in losing.

Love is ever sick, and yet is never dying;
Love is ever true, and yet is ever lying;
Love does dote in liking, and is mad in loathing;
Love indeed is anything, yet indeed is nothing.

DECLAMATORY CONTEST AT WINCHESTER SCHOOL

Number of Girls Compete for Honors in Declamation at High School—Other Winchester News

Winchester, April 18.—The annual declamatory contest was held at the high school Friday evening and a large audience was in attendance. The musical program included a piano solo by Miss Genevieve Peterson and a violin number by Miss Amelia Hamon, both of whom were accompanied by Miss Marinda Coultas. There was also a chorus number by the girls' glee club with Miss Peterson as accompanist. All the musical numbers were well rendered and added materially to the pleasure of the occasion.

The contestants were Helen Carlton, Jessie Coultas, Iva Edmonson, Martha Glossop, Jessie Hazelrigg, Mildred Martin, Edna Roper, Violet Sauer, Freda Scott, Irene Woodall.

The judges were Dean Scott, Miss Williamson and Mr. Hoskins, all of Illinois college in Jacksonville.

The first place was awarded to Miss Irene Woodall, whose theme was "Madame Butterfly."

The second place was awarded to Miss Jessie Hazelrigg whose theme was "Miss Civilization," and Miss Edna Roper won honorable mention by her declamation, "Laddie."

PASSAVANT HOSPITAL BOARD IN QUARTERLY MEETING

The auditor's annual report, read over from the annual report, was given at the quarterly meeting of the Passavant Hospital board of trustees Thursday evening at the hospital. The report was presented by W. J. Cochet and W. J. Hunch and showed the financial condition of the institution to be in good condition.

The improvement made in the building were noted with pleasure, especially the white enamel finish with which the interior is decorated, and it was decided to finish the second and third floors in the same style. Report was made of the organization of two new church hospital aid societies, one at Franklin and the other at the Dublin Methodist Episcopal church.

National Hospital Day will be observed as usual this year with an appropriate program of addresses and music, and a community picnic dinner on the hospital lawn. Among the members of the board of trustees from other cities were L. E. Berger, Mercedes, Samuel Darley of Dublin and Charles Rowe of Pezzer.

UNITED STATES PATENT OFFICE HAS HUGE TASK

Washington, D. C., April 18.—There are 200,000 applications for patents on inventions now pending in the United States Patent Office, according to a statement today of the United States Civil Service Commission.

To speed up action, congress has authorized an appropriation which will permit the addition of 100 to the present examining force of 500.

The Civil Service Commission will hold examinations on May 7 and later dates for positions of assistant examiner in the Patent Office. The entrance salary is \$1,860 a year, and increases are provided up to \$5,000 a year.

Full information concerning the examination may be obtained from the United States Civil Service Commission, Washington, D. C., or the secretary of the civil service board at the post office or custom house in any city.

The commission states that of approximately 80,000 applications for patents made annually, fully two-thirds of them relate to some phase of the automobile industry.

The present system in the Patent Office of examination before issue was authorized by an act of congress of 1836. The system has been copied by practically all large countries.

LAST UNION SERVICE DRAWS LARGE CROWD

Meetings Close with Rev. Lewis as Speaker—Final Results May be Learned When Converts Unite With Churches Sunday.

Grace church was fairly crowded last night at the closing service of union meetings which have been in progress for the past three weeks. Special music was furnished by the Short Sextette, consisting of Mr. and Mrs. C. F. Short, Floyd Short, and Misses Florence, Lucile and Margaret Isabel Short. They sang "Rock of Ages." The choir sang as a special number, "When the Conflict of Life is Over." Rev. Stickney, as chairman of the meeting, extended the thanks of the ministers and the churches to those who have contributed to the success of the revivals. He mentioned especially the choir, the organist, Willard Wesley, the song leader, Homer Wood; J. W. Breckon, chairman of the ushers; and C. E. Williamson, the treasurer. The word of thanks also extended to the Men's Federated Church club and its officers, who have been untiring in their efforts to make the meetings a success.

The speaker for the evening was Rev. H. R. Lewis, who had as his text, John 13:1—Jesus knew that His hour had come. There was not an hour in the entire life of Jesus on which the Messianic light did not shine. No one knew better than He the deep tragedy of death; yet He faced it without a quiver. He foresaw the three periods of agony in Gethsemane, the three murderous trials, the three crosses, and the three days in the dark tomb.

He did not deserve a cross. We do, and He bore it for us. There are many witnesses to his work and his death and resurrection. There are the five thousand that were fed, the throng about the cross, the women at the empty tomb, the five hundred brethren who saw Him afterward, the witnesses to the Ascension, and finally there is the multitude that no man can number, who testify to the saving and keeping power of Christ.

The number of converts during the meetings will probably be ascertained Sunday when those who have signed cards unite with the various churches. It is known that a large number have signed cards, but what the nature of their pledges will be cannot be determined until the cards have been followed up by the pastors of the churches.

Mr. and Mrs. J. J. Brown of Peoria are expected in the city for a visit with Wallace Gibbs and family.

UNITED STATES PATENT OFFICE HAS HUGE TASK

Washington, D. C., April 18.—There are 200,000 applications for patents on inventions now pending in the United States Patent Office, according to a statement today of the United States Civil Service Commission.

To speed up action, congress has authorized an appropriation which will permit the addition of 100 to the present examining force of 500.

The Civil Service Commission will hold examinations on May 7 and later dates for positions of assistant examiner in the Patent Office. The entrance salary is \$1,860 a year, and increases are provided up to \$5,000 a year.

Full information concerning the examination may be obtained from the United States Civil Service Commission, Washington, D. C., or the secretary of the civil service board at the post office or custom house in any city.

The commission states that of approximately 80,000 applications for patents made annually, fully two-thirds of them relate to some phase of the automobile industry.

The present system in the Patent Office of examination before issue was authorized by an act of congress of 1836. The system has been copied by practically all large countries.

LAST UNION SERVICE DRAWS LARGE CROWD

Meetings Close with Rev. Lewis as Speaker—Final Results May be Learned When Converts Unite With Churches Sunday.

Grace church was fairly crowded last night at the closing service of union meetings which have been in progress for the past three weeks. Special music was furnished by the Short Sextette, consisting of Mr. and Mrs. C. F. Short, Floyd Short, and Misses Florence, Lucile and Margaret Isabel Short. They sang "Rock of Ages." The choir sang as a special number, "When the Conflict of Life is Over." Rev. Stickney, as chairman of the meeting, extended the thanks of the ministers and the churches to those who have contributed to the success of the revivals. He mentioned especially the choir, the organist, Willard Wesley, the song leader, Homer Wood; J. W. Breckon, chairman of the ushers; and C. E. Williamson, the treasurer. The word of thanks also extended to the Men's Federated Church club and its officers, who have been untiring in their efforts to make the meetings a success.

The speaker for the evening was Rev. H. R. Lewis, who had as his text, John 13:1—Jesus knew that His hour had come. There was not an hour in the entire life of Jesus on which the Messianic light did not shine. No one knew better than He the deep tragedy of death; yet He faced it without a quiver. He foresaw the three periods of agony in Gethsemane, the three murderous trials, the three crosses, and the three days in the dark tomb.

He did not deserve a cross. We do, and He bore it for us. There are many witnesses to his work and his death and resurrection. There are the five thousand that were fed, the throng about the cross, the women at the empty tomb, the five hundred brethren who saw Him afterward, the witnesses to the Ascension, and finally there is the multitude that no man can number, who testify to the saving and keeping power of Christ.

The number of converts during the meetings will probably be ascertained Sunday when those who have signed cards unite with the various churches. It is known that a large number have signed cards, but what the nature of their pledges will be cannot be determined until the cards have been followed up by the pastors of the churches.

Mr. and Mrs. J. J. Brown of Peoria are expected in the city for a visit with Wallace Gibbs and family.

NURSE CHAPPELLE SAYS TANLAC BRINGS MOST GRATIFYING RESULTS

Nurse With 15 Years' Experience Urges Use of Tanlac—Tells of Her Mother's Experience with World's Famous Tonic.

Mrs. M. E. CHAPPELLE.

"I have direct and personal knowledge of so many cases where TANLAC has restored health and strength and helped weak, run-down people to get on their feet that I know it to be an unusual medicine," is the emphatic manner in which Mrs. M. E. Chappelle, Blue Mount and Thomas Ave., Wauwatosa, Wis., a practical nurse of fifteen years' experience, pays tribute to the famous tonic.

"Time and again I have urged TANLAC's use and it always brings the most gratifying results. My own mother, now eighty years old, took TANLAC five years ago, and it has been her standby ever since. Nothing helps her as TANLAC does and she is as strong an advocate of the medicine as I am. Only recently, mother became generally run-down. Her stomach was disordered, her appetite utterly failed her, and she came near having a nervous breakdown. TANLAC gave her a vigorous appetite, corrected all complaints and left her not only well and happy but so strong and active that she looks after the home and visits

around, as well. Any mother thinks the TANLAC Vegetable Pills are the greatest ever."

"In all my long years of experience as a nurse, I have never known the equal of TANLAC."

TANLAC is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take TANLAC Vegetable Pills. (adv.)

stop the practices that have made government in Illinois a national scandal.

Mrs. Egan P. Washburn, of Evanston, Louis C. Moschell, of Pekin and Harvey D. McCollum of Louisville were nominated for members of the board of trustees of the University without opposition in the Democratic meeting.

Richard H. Mudge of Edwardsville, Peter A. Waller of Kewanee and John T. Traeger and Henry Heener of Chicago were named presidential electors at large.

George E. Brennan was selected as the spokesman of the Illinois delegation to the national convention.

Thru an error of the convention reading clerk, the latter post was first credited to Lee O'Neill Browne of Ottawa but the official record later was corrected to show the selection of Mr. Brennan.

The Republicans nominated for university trustees: Mrs. Harold Ickes, of Hubbard Woods, wife of Senator Hiram Johnson's

Illinois campaign manager; Geo. A. Barr, of Joliet; and Fred L. Wahl of Centralia.

The following were named presidential electors in downstate districts: 11th, Howard M. Sapp, Joliet; 12th, Israel Dudgeon, Morris; 13th, Charles Bent Jr., Morris; 14th, Harry B. Marsh, Bowen; 15th, J. M. Loring, Rushville; 16th, W. E. Hawthorne, Granville; 17th, Mrs. Matilda Charles W. Hinton, Watseka; 18th, Ben P. Allen, Oconee; 20th, Harry W. Shaffer, Jerseyville; 21st, Harry C. Miller, Nokomis; 22nd, Guy R. Knedler, Collinsville; 23rd, Marion Boles, Mount Vernon; 24th, Frank C. Sibley, Carmi; 25th, Fred D. Nellis, Cairo.

The Republican electors at large named were:

S. A. Oakley, Peoria; Otis E. Foster, Robinson; Charles N. Pendervis, Media; Mrs. Bertha Bauer, Chicago.

Former Governor Deneen, nominated last week for the senatorial race was given a rousing welcome.

The primary is past and candidates all have turned their backs on the conflicts of the campaign," he said in a plea for a solid reunion of Republican forces.

"The primary system was established to select party candidates, not to determine which faction of the party should bolt."

Governor Small was cheered for several minutes when he arose to speak.

"It will again be a contest between the tools of organized greed and those who are willing to fight with us for justice," he said in outlining the campaign.

Oscar E. Carlstrom of Alton, nominated for attorney general under the banner of Governor Small, pledged "a law enforcement policy designed to cultivate respect for the law."

"I bear ill will toward no man," he said, in a plea for harmony.

"Big Bill" Thompson reviewed the administration of Governor Small in glowing terms and credited George Washington with divine inspiration of his policy of "no entangling alliances."

"Governor Small already has pulled Illinois out of the mud," he said. "Give him four years more and he will place her on the mountain top."

H. H. Bancroft, of Jacksonville and Victor P. Michel of Peoria were elected assistant secretaries of the convention.

Accredited delegates numbered 1554, of which Cook county voted 132.

The decision of the credentials committee to seat the famous 1920

delegation from Cook county as the legal and regularly elected and acting committee," was approved by wild applause.

The action followed the failure of the contesting delegation headed by County Chairman Homer Galpin to put in an appearance.

The seated committee is headed by Appellate Clerk Francis P. Brady of Chicago.

John H. Walker, president of the Illinois Federation of Labor told the convention the platform adopted today gave the workers of the state the "greatest hope they have had from a political organization in twenty years."

Lieutenant Governor Sterling of Rockford urged that "the time has come for Republicans to quit fighting Republicans and unite in the battle against the common enemy, the Democrats."

There was not a word about Teapot Dome or the Washington investigations.

Women were prominent in the deliberations of both parties.

DENBY DEFENDS HIS ACTION IN OIL LAND LEASE

(Continued from Page One)

then the secretary of the interior and I presented the matter to the president of the United States and after he had given it careful study, he decided to issue an executive order.

Wells Drilled

"Thereafter a searching investigation was made by the department of the interior into the whole problem and in the meantime certain offset wells were drilled by the department of the interior with the knowledge and approval of the Secretary of the Navy, altho he did not sign those individual contracts.

Here Mr. Denby reiterated at length and in detail his denial of the charge that he had caused to be transferred from Washington or to be retired certain officers of the navy who opposed the leasing policy.

"Upon the advice of Admiral Robison and others," he resumed, "I became convinced that steps must be taken to use the powers given to the secretary of the navy by the congress to accomplish what I earnestly believed to be the intention and will of congress to save and protect the oil for the benefit of the United States naval.

"The matter was taken up between Secretary Fall and Admiral Robison and others of the two departments and carefully studied. Secretary Fall then entered into negotiations with prospective contractors and the lease with the Mammoth Oil company was the result.

Lease Preferred

"A lease was prepared with my full knowledge and frequent consultation with me. On April 7, 1922, the lease was signed by Secretary Fall and the lessee. On April 12, 1922, after further careful study, it was signed by me and it then became a binding valid contract.

I directed immediate and complete publicity in this as in all other matters pertaining to the naval petroleum reserves.

VACCINATION CASE
DECIDED BY COURT

CHICAGO, April 18.—A precedent that school children may not be excluded from school for refusal to be vaccinated and that vaccination may not be compelled by a school superintendent or principal without a ruling by a board of education in case of an epidemic, has been set by the Illinois supreme court it was disclosed today.

The decision reversed and remanded for new trial the case of Burroughs v. Mortenson, et al., originating in Chicago. In that case a child of Lester G. Burroughs was excluded from school by the order of Peter Mortenson, then superintendent of schools at the request of Dr. John Dill Robertson, then health commissioner of Chicago for refusal to have the child vaccinated.

In the trial Superior Court Judge David instructed the jury to decide for the defendant. On appeal however, the supreme court held otherwise.

RECOMMENDS ENGLISH PLANS IN OPERATION OF MERCHANT MARINE

Shipping Board Manager
Says British Show
Success

WASHINGTON, April 18.—A continuing policy governing ship operations similar to that which has made the British "successful" in world trade ought to be adopted by the United States to eliminate the uncertainty existing in the foreign mind as to this country's merchant marine, G. B. Moore, traffic manager of the shipping board in Europe declared today at the house shipping inquiry.

Representative Linberger, Republican, California, a member of the investigating committee, suggested that the British were successful because of their continuity of policy, and asked if this country should not adopt a similar definite position with regard to its trade routes.

The witness agreed that improvements in domestic trade could be brought about if Americans "spread out" like the English in the ownership of shipping stock and if a policy somewhat similar to that governing stock ownership in railroads, were followed.

Another improvement in the building up of domestic commerce, said Mr. Moore, might be made by direct solicitation by the fleet corporation representatives abroad for west bound cargoes instead of depending upon shipping board operators' agents for such business.

Representative Davis, Democrat, Tennessee, committee prosecutor, reiterated previous charges that board operators have no incentive to seek cargoes for their vessels under the present operating contract because it provides for a commission on gross receipts regardless of loss or profits.

Discussing further possible handicaps to the American merchant marine, Representative Linberger replied:

"You have heard them (British) ridicule us, haven't you?" "No, not so much ridicule as the question of the wisdom of our going into the shipping business," Mr. Moore replied. "They have enjoyed profits from our trade for so long they don't want to see us take those profits away."

SUNDAY CLOSING IN
DIXON LOSES OUT

Dixon, Ill., April 18.—Dixon citizens today voted against a proposition to close Sunday amusement places by a majority of 1722 out of a total vote of 4443 against the proposal.

The churches had united in a campaign to put the measure over. Former Mayor Mark D. Smith was elected from the polls when election officials charged that he became abusive when challenged.

SISTER MARY'S KITCHEN

[A daily menu for the stout and thin]

EAT AND—

Lose Weight — Gain Weight

(One-half grapefruit, 1 poached egg on 1 cup spinach, 1 large stuffed with 5 almonds blanched and shredded, 2 lamb chops, 4 tablespoons cooking beans, 1 cup shredded cabbage, 2 thin slices crisp wheat toast, 1 thin slice glass bread, 1 gluten roll, 1 pint skimmed milk.)

Total calories, 1185. Protein, 213; fat, 370; carbohydrate, 572. Iron, .0244 gram.

Would you believe that two innocent table-spoonfuls of lemon juice would add 158 calories of carbohydrate to your menu? Why will, for I planned a treat for you and then had to retract after figuring.

Stew dry figs until tender in water to cover. Do not sweeten. Drain and fill with chopped nuts and serve with a little of the liquor in which they were cooked.

The spinach is cooked in its own juice, finely chopped and seasoned with salt and pepper. Form into a nest-like shape and drop a poached egg in the hollow.

The cabbage is seasoned with salt and pepper and lemon juice. A few celery seeds scattered through the dish make a change.

The beans should be served for the reducing diet before seasoning with butter for the rest of the family.

Remember that much depends on your height and occupation when figuring the required number of calories. If you are active in outdoor sports (including housecleaning), you will need all of those fat calories even if you are short in stature. But if you are leading an inactive life with just enough outdoor exercise to keep you fit, my suggestion is to decrease the whipped cream.

These figs are stuffed with English walnuts and raisins chopped and moistened with some of the fig juice.

HAVE COLOR IN CHEEKS
Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—but have no dangerous after effects. They stool the bile and overcome constipation. Take one or two night and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

IOWA SELECTS CRACK RUNNERS FOR RELAY

New York, April 18.—Four crack eastern quarter milers have been chosen to race the former Iowa University championship team in a special one mile match relay at the Iowa relay carnival on May 3.

According to Hugh H. Hershon, of the Wilcox A. A., who formed the team at Iowa's request, the east will be represented by Jake Driscoll and Ray Robertson of the Boston A. A., Tom Campbell, former Yale track captain, now wearing the New York A. C. colors and Vincent Lally of St. Anselm's A. C., New York. Lally was substituted for Alan Woodring, Olympic 200 meter champion, who withdrew after pulling a tendon recently.

The Iowa quartet which won the National A. A. U. one mile title at Chicago last summer includes Charles Brookings, world's low hurdle record holder.

Billy Evans SAYS

A team is no stronger than its substitutes. For years that truth has held good in every branch of sport.

It is possible the New York Giants will suffer in that respect this year.

During the winter McGraw traded his veteran star shortstop, Dave Bancroft, to Boston. It came as quite a shock to the baseball public.

McGraw no doubt had several very good reasons when he made the deal.

First, he must have been satisfied with Travis Jackson, the youngster who had subbed for Bancroft in fine style. Bancroft was fading, Jackson coming. He also strengthened his outfield by the addition of Billy Southworth.

A desire to see Bancroft better himself undoubtedly swayed McGraw in making the trade with Boston.

It is a matter of baseball record that McGraw has never forgotten the athletes who served him well. The play roll of the New York Giants of today contain the names of many stars of years ago who are now performing in some minor capacity.

Amos Rusie and Dan Brouthers, two old-timers, are waxing fat and prosperous in jobs provided by McGraw.

Boston wanted Bancroft as manager. It was the big opportunity for the star shortstop of the Giants. Most managers would have given the place no consideration, not McGraw.

As a result of his generosity the famous manager of the National League champions finds himself in a rather bad way for infielders.

Jackson seems to have trouble getting started. Groh and Kelly are ailing.

Some of the experts insist that Groh may find it difficult to stand up under the strain of a hard campaign.

At times McGraw has been compelled to use Kelly at third, and bring "Pop" Young in from the outfield to play second.

Lack of capable substitute infielders seems to be the one glaring weakness of the Giants.

Unless the fault is remedied it may seriously affect the Giants' pennant chances.

INDEES BALL SEASON WILL OPEN TODAY

Bloomington Three I Team Arrives This Morning for Two Day Stay Here—Zoeiler on Ground, with Fanning Selected for Tomorrow Tilt.

The Bloomington Three I club will arrive this morning on the Chicago and Alton at 10:50 o'clock ready for their two day tilt with Frank Smith's Jacksonville Indies. The first game to be played this afternoon at South Side park at 2:45 o'clock. Tomorrow evening the visiting team will take the Wabash to Springfield and will go from there back to Bloomington.

The local grounds are in good shape for the opening of the season and a good crowd is predicted to see the Indies take part of the visitors, if possible in either one, or both, of the games, and Smith is depending strongly on Zoeiler to show them some tricks from the mound station today, and this will leave the old wheel-horse, a Fanning ready for duty to carry, and you know that this will mean a real game if the visitors are able to do their share along that line.

The lineup of the two clubs for today's game, as announced yesterday is given below:

Bloomington: Boehm, cf; Krause, 2b; Walden, lf; Herman, rf; Johnson, 1b; O'Neil, c; ss; Polonius, 3b; Stewart, 2b; Euse, c; Henderson, p; Keating, p; Glavin, p; Harkins, manager.

Indies: French, cf; Wilson, 2b; Dale, 1b; Boyd, ss; Christopher, lf; DeFries, 3b; Carter, lf; Clark, cf; Zoeiler, p; Fanning, p; Wood, p.

Champions Meet in Track Today

Four Illini stars and coach who expect to bring victory to the middle west today. Left to right: Top, M. Hall, D. Kinsey; center, E. Mieher; below, D. Brownell, Coach Harry Gill.

Illinois against California! There's a choice tidbit in college track competition.

These two great combinations will fight it out at Berkeley, Calif., today.

Illinois is 1923 indoor champion of the Big Ten. Coach Harry Gill's proteges won that title in a most convincing manner by scoring almost twice as many points as the runnerup, Michigan.

California has twice been returned victor in the eastern intercollegiate championships.

The fine work of the California athletes, particularly in the field events, has for three years been a rude shock to eastern athletes and coaches.

Illinois is hopeful that it can

stop the winning ways of California in track and thereby bring considerable prestige to the middle west.

Twenty-four athletes, the cream of the Illinois squad, will make the trip.

The condition of two of the stars is rather doubtful. Milton Angier, American champion in the javelin, has a bad knee that may put him out of the running. Bob Ayers, veteran sprinter, is a casualty with a pulled tendon.

Illinois, aside from winning the indoor Big Ten meet, has defeated Notre Dame and Iowa in dual meets.

That California has another great team was proved by its victory over the strong University of Southern California aggregation.

Illinois expects stiff competition, particularly in the field events. California is strongest in the shot put. Captain Neufeldt has accomplished 46 feet 4 inches and Lang and Francis have both exceeded 42 feet. Borden broad jumps 23 feet 5 inches with Watkins pressing him closely. In the sprints Barber and Sheppard are expected to make it interesting for Illinois.

Coach Walter Christie has the happy faculty of turning out winners and hopes to triumph over the west as decisively as he has the east in the past.

Many Racing Strings Put on Track This Week—More Expected as Season Advances

Training of racing strings on the track at the county fair grounds has begun in dead earnest. Already several trainers have opened their stables and are working out some promising horses for the coming season. The work began with the opening of good weather during the past week, and the track west of the city is expected to be a busy place after the county fair in September.

William Cressy of Griggsville was among the first to put a string of five horses in the barns on the grounds. Clark Green, who is the superintendent of speed for the 1924 county fair, also has five head working out on the track.

Harry W. of Ashland recently placed five horses in the training stables; George Dennis of Franklin is trying out three horses and Dr. J. W. Sperry of this city is giving his racer an occasional workout.

Race horse men will be arriving every few days now with strings of horses to train for the season's sport. The racing matinee here on the Fourth of July is expected to draw about forty horses to compete in the extended racing program, which was recently announced. It should be remembered that five days of races will be offered on the county fair program this year, instead of four, and this is expected to add interest to the competition of entrants.

VETERANS BUREAU IS SUBJECT OF ADDRESS

Dr. Gurn Norbury Described Functions and Activities of U. S. Veterans Bureau Before Rotary Club Friday

Dr. Gurn Norbury, at the Friday luncheon of the Rotary club at the Pacific hotel, gave a very interesting resume of the functions and activities of the U. S. Veterans Bureau, with which he is connected. Dr. Norbury was a member of the medical corps of the U. S. expeditionary forces in the World War and subsequent to his return from overseas service and the organization of the Veterans Bureau, became identified with its work.

At the business session following the address Dr. A. H. Dolkar, president of the club, brought to attention the question of raising the membership dues which has been under consideration for a period of months.

It was the unanimous recommendation of the directors that dues be changed from \$20 to \$30 per year in order to put the club on a sound financial basis and this suggestion was ratified by an unanimous vote.

Judge H. P. Samuel on behalf of the Elks chorus mentioned the value of the organization to the city and Cole V. Rowe for the general committee representing various Jacksonville organizations, referred to the coming of a number of conventions to Jacksonville this year. He spoke particularly of the music teachers federation, which will be in session from April 29 to May 2.

Dr. Norbury in beginning his address recalled the fact that five years ago he had spoken to the club on some of his experiences with the medical corps overseas, and then said that his presentation of the work of the Veterans Bureau would be somewhat correlated with the earlier address. This, he explained, was done from the fact that the Veterans Bureau in addition to the handling of other problems, has of necessity taken over work that was done previously within the army organization.

At the close of the war the question of hospitalization was of first importance and the speaker brought out the fact that in their desire for early release from the service that many men about to be discharged kept silent about injuries or ailments. If they had mentioned these things it would have meant a period of observation and necessarily delay.

Nevertheless these ailments later came to light and must of course have the same consideration that would have been given to them had they been known at the same time the men were discharged.

The varied problems relating to ex-service men (the speaker said)

he always preferred to refer to them as service men) were referred to various governmental agencies. Army hospitalization, public health services, vocational education, and war risk insurance were among the important matters to be considered and later it developed that the work could be better carried on thru a centralized agency and the U. S. Veterans Bureau was the result.

In the rehabilitation of soldiers there are many problems, just as there are in vocational training, and Dr. Norbury spoke of several local instances where men because of disability had changed to entirely different vocations by completing their present work with that done before the war.

In vocational training there is the constant problem of being certain that men are being trained along lines for which they are qualified, and that they can meet the conditions that will occur later.

So varied types of vocational training have been presented in the different centers. Individual mention was made of some of the different hospitals maintained and of the particular class of ailments treated there. As the end of the period in which claims may be made for injury is drawing near, Dr. Norbury said the Veterans Bureau finds special need for great care in the consideration of cases so that full justice may be done.

The interesting statement was made by the speaker that out of hundreds of applications that have come to his notice for aid, on the ground of disability occasioned by the war, that he had never found more than two or three instances where there was any evidence of the purpose to improperly make such claims.

The guest list of the day included the following: George Keating, Rupert, Idaho; J. Barry Winston, J. A. Bryden, Warren Lewis, Roy Jefferson, Springfield, J. P. Bryan, C. W. Farquarson, Chicago; C. Y. Rowe and F. M. Crabtree, Jacksonville.

ARGUE CASES IN COURT

Two cases which have originated in the circuit court of Morgan county, were argued in the Appellate court at Springfield Thursday. In the suit of William P. Smith vs. the Walshaw railroad, Judge H. P. Samuel was attorney for the complainant and Bellatti, Bellatti & Moriarty were attorneys for the railroad. Attorney V. T. Wilson represented the plaintiff in the suit of Walter Ayers vs. the Jacksonville Railway and Light Company and the company was represented by Bellatti, Bellatti & Moriarty.

CAMPAIGN AGAINST TRAFFIC VIOLATORS

Police Department Begins Special Effort to Bring About Observance of Traffic Laws

The Jacksonville Police Department has started a campaign against traffic violators according to an announcement made yesterday by Chief of Police Frank Kiloran. It is not the intention of the department to work a hardship on anyone, but the traffic laws will be strenuously enforced.

Each officer has been supplied with cards which will be handed out to automobile drivers who have violated a traffic law.

The card contains 20 violations listed as follows:

Speeding.
Reckless driving.
Passing street car while stopped for taking on or discharging passengers.

Parking too near fire hydrant.
Parking overtime.
Parking too near street intersection.

Parking on wrong side of street.
Parking too far from curb.
Improper parking on public square.

Leaving engine running while car is not occupied.
No tail light.
Stopping near middle of street.

Passing thru safety zone.
Turning in middle of block.
Engine inadequately muffled.
Failure to use dimmers.

No Start License.
No City License.
Failure to stop when signaled by traffic officer.

A new motorcycle policeman started to work yesterday and will be on duty continuously.

Chief Kiloran said that there will be no "warnings" given by the police. If an officer hands you one of the little pasteboards you are under arrest and will be subject to a fine.

If all auto drivers will observe the traffic laws, driving about the city will be made safe both for motorists and pedestrians.

The speed limit in the business district is 15 miles per hour to run faster than this will be the person open to arrest. When approaching another car at night dimmers should be used. The police intend to drive about the city at night in automobiles to see that the dimmer law is obeyed. Use your dimmers and play safe. Don't park double in the business district. It slows up traffic and will cause the offender a fine.

Obey the law and save the police the trouble of giving you a card.

FORMER RESIDENT IS SUMMONED BY DEATH

Mrs. Kate English Passes Away in Chicago—Funeral Services to Be Held in Jacksonville This Morning

The remains of Mrs. Kate English who passed away at the home of her son, William English, in Chicago, Thursday, were brought to this city last evening. Her funeral services will be held this morning at 9 o'clock at Trinity church. Interment will be in Diamond Grove cemetery.

Mrs. English's maiden name was Miss Kate V. Murray and she lived in Jacksonville prior to her marriage to Lieut. William L. English, who died following wounds received in battle Aug. 7, 1877, with the Nez Perce Indians at Big Hole Pass, Mont. Shortly after the death of her husband, Mrs. English left here to serve in the treasury department in Washington, D. C., and has not resided here since. She is an aunt of Henry W. English of this city and is survived by her son, William English and one grandson, William English, Jr.

MISS EDNA HALL IS TO WED ROBERT TRIGG

Ceremony in Which Former Jacksonville Girl Will Be Bride to Be Solemnized at Springfield Tomorrow

Announcement of the wedding of Miss Edna Hall and Robert Trigg, both of Springfield, which will take place at 2 o'clock Sunday morning at a Presbyterian church of that city, has been received by friends in Jacksonville.

The bride-to-be is the daughter of Mr. and Mrs. John Hall, 1123 South Grand West street, Springfield, who were until recent years, residents of Jacksonville. She is the niece of Mrs. Edward LaBoe of this city, and is well known to many Jacksonville friends. Mr. Trigg is associated with the Jones Brokerage firm of Peoria.

The marriage will be witnessed by only the immediate members of the family.

MCALLISTERS RETURN FROM TUCSON, ARIZ.

Bring Good Word That All of Jacksonville Colony are Showing Great Improvement in Health

Mr. and Mrs. Russell McAllister, formerly of Woodson, and Miss Grace McAllister, also of Woodson, arrived home Thursday night by auto from Tucson, Arizona, where Mr. and Mrs. McAllister have been for some time for the benefit of Mr. McAllister's health. The party left Cairo Thursday morning at 6 o'clock and made the drive to Woodson by 9:30 o'clock in the evening.

Mr. McAllister has shown wonderful improvement in his health and the party brings back very encouraging word from the rest of the Jacksonville colony in Tucson. "Bub" Molohon, who just recently went to that climate, has shown remarkable improvement in the short time he has been there and has fully regained his voice which was practically gone when he left Jacksonville. Joseph Dadds, another Jacksonville man, is practically recovered and is contemplating a visit to Morgan county in the near future. Miss Teresa Boylan, Mrs. Kennedy, Mr. and Mrs. Frank Doyle, and Miss Jewsbury are all reported as progressing finely in the southwest climate.

Mr. and Mrs. McAllister are undecided as to when they will return to Tucson, and Miss McAllister, who is ticket clerk at the Jacksonville Union Station, will enjoy a vacation until about May 1st.

MEASLES EPIDEMIC EXTENDS EVERYWHERE

A Hundred Cases Developed Locally in Past Week—Don't Expose Children Needlessly, Health Officer Says

Reports given out yesterday afternoon by Dr. A. T. Mann, the county health officer, indicate that about one hundred new cases of measles have been listed in the city during the past week. It is not possible as yet to say whether the epidemic has reached its peak as the number of cases developing show a wave tendency, rising perceptibly at intervals of ten to twelve days. Parents are warned to watch their children for bad colds, as this is one of the first symptoms of measles. It is during the period of fever that the disease is most contagious.

One reason for the persistence of the epidemic of measles is the belief existing among parents that children should be exposed to such diseases, so that they may have them early and thus become immune. This is an error and children should not be needlessly exposed to measles, as disastrous results may follow in their wake. Pneumonia is one of the diseases by the disease, and parents should not allow their children who have measles to read too soon after convalescence. Undue strain of the eyes before they are fully recovered from the effects of measles may cause the child to have to wear glasses.

There is a prevalence of measles at this time thruout the United States. Illinois reported 659 cases during the past week; North Carolina, 2,069; New York, 1,548, etc.

STRYCHNINE POISON PUTS END TO HORSE

Walter Fernandes Loses Driving Horse—Eight Dogs Poisoned in Same Neighborhood

Walter Fernandes, residing on Center street, had the misfortune to lose his family driving horse yesterday morning, the animal dying from strychnine poisoning. The horse had the run of a lot on the Fernandes premises. Early in the morning it was discovered out in the public street, suffering intensely from the poison. The heavy gate to the lot was open about three feet, and it is believed the animal could not have pushed the gate open, as it is hard to move.

It is thought the horse got some poison that had been put out to kill dogs.

No less than eight dogs have been poisoned with strychnine in that neighborhood during the past three months. Another theory is that the gate was opened by some one who meant to lure the horse out of the lot and poison it. Residents of that section of the city are considerably wrought up over the event, and also over what appears to be the climax of a choleraic attempt to poison the family pets of the community.

Local veterinarians who were called to the scene when the horse was discovered to be ill, were unable to save it, as the amount of poison taken appeared to be considerable.

WAR TIME WORKER IN MENTAL HYGIENE RECALLED
It will be of interest to Rotarians and other citizens of Jacksonville to recall that Dr. Frank P. Norbury, in 1918-19, then acting director of the National Committee for Mental Hygiene, stationed in New York, was one of the original group to formulate plans for the organization of the work which eventually became the function of the U. S. Veterans Bureau.

He was called to Washington in conferences and personally organized and directed the survey of the hospital facilities of this country capable of handling mental and nervous cases. This survey was completed and in the hands of the surgeon general the day the armistice was signed.

Dr. Norbury was later asked to assume the duties of director of this division. He declined and recommended for it Dr. Walter L. Treadway of U. S. public health service, a former physician on the staff of the Jacksonville State hospital. Dr. Treadway was in charge of this division work in Washington for five years.
